THE DAILY AND WEEKLY HERALD has more than double the circulation of any other paper published in Southern California. Business men recognize it accordingly as the best advertising medium South of San Francisco.

SUNDAY, DECEMBER 5, 1875.

NEWS OF THE MORNING.

Andrew Dillon, of Marysville, has been convicted of manslaughter for killing a Chinaman.

Mr. Giraud's herd of five hundred sheep was stampeded by Indians near Pluma reservation, in Arizona, on Thursday.

The river at Colusa is an inch above high water mark.

A severe shock of earthquake was felt at Grass Valley on Friday afternoon. The fall of rain at that point has been 2½ inches.

Chief Justice Dunne, of Arizona, is to be removed because he advocates a division of the school fund for sectarian purposes.

A young man named Harrington made an attempt the other day to get Michael Rees in his custody, on the plea of taking him to his father to see about a loan of \$12,000, but Uncle Michael had a previous engagement.

The capital is in a匣子 at present. Lieutenant Governor Johnson and family have arrived, and Gov. Irwin was expected. The excitement over the Speakership still continues.

The State Board of Education is in session, discussing the injunction that has been served upon them.

The stage from Los Angeles was robbed last night near Caliente, and Wells, Fargo & Co.'s treasure box taken.

Two San Francisco гареты have been arrested.

The harbor of Pictou, Nova Scotia, is frozen over.

CHARLES O'CONOR still hangs between life and death, causing the greatest solicitude among his friends and all true patriots.

TAX-PAYERS should go to the polls to-morrow and elect proper men to control the municipal and school finances for the next year. The Council demands men of thought, men of work, and not men who talk at and for the lobby. It demands men of common sense, who know how and when to make improvements. The Board of Education should be composed of men who know the value of education and who will strive to make our public schools the colleges of the masses.

We find public opinion setting quite strongly in favor of Dr. WIDNEY and Er. MUGENE MEYER for the Board of Education. Both gentlemen are large tax-payers, have children in the public schools and their ideas of education coincide with the liberality of the age. We urge our voting population to see that the election results in sending to the Board of Education men who are true friends of public education, on a non-sectarian basis. We must have schools, competent teachers and a liberal school system.

HOMES is the sweetest word in the English language and should be the earthly type of heaven. The ideal earthly home may exist in the humble cottage as well as the palatial mansion, this earthly home being created and consecrated by the influences of love. The ship-wrecked sailor and the wretched wanderer only dream of home and when all earthly hope has fled they can only welcome heaven as a contrast to the miseries of this earth. Make home the sanctuary and all its associations will be holy and its happiness will only be exceeded by paradise.

FARMERS AND MERCHANTS' BANK of Los Angeles has declared its usual dividend, payable on the tenth instant. In these times of depression all corporations on a paying footing should pay their dividends monthly as it helps the whole community and smooth over the interval between the financial stringency now existing and the good time which indications point to as not being remote. The above announcement will come as a nice Christmas gift to the stock holders and will insure the visitation of Santa Claus and Kris Kingle with ample stores to the little ones.

Some of our property owners desire the Legislature to pass a law to prevent irresponsible parties from commencing harassing suits for the disturbance of titles. We understand that certain parties make it a business to hunt up any remote descendant of Ponce de Leon, Columbus or other early settlers, and lay a claim to a few leagues of land owned by some wealthy citizen. These suits always result in heavy court costs, which of course the plaintiff cannot pay, puts the defendant to the expense of employing attorneys, and in the end it is generally shown that the claimant had not the shadow of a title. The Legislature, it seems to us, might pass a law to put the bar of outlawry on some of these Rip Van Winkle claims.

We are pleased to see so many competent gentlemen ready to sacrifice their ease and serve the public in the Council and School Board. There would seem to be no want of material for the offices, and we are confident, in any event, that faithful public servants will be elected. We congratulate, in advance, the successful candidates, who will never know what bad men they are until they get in office and become every citizen's servant. If the streets are muddy, if the streets are dusty; if the city is not lighted with gas; if the city goes to the expense of gas, if expensive grades are not made, if the property owners are taxed for them; if comfortable school houses are built, if money is paid for building them—in any possible event, on their devoted heads the wrath of public opinion will fall.

The Southern Pacific Railroad.

By reference to our special dispatches it will be seen that the Board of Directors of the Southern Pacific Railroad Company have passed resolutions to build the Southern Overland Railroad from the Pacific Coast to a connecting point East, for the land subsidy voted by Congress to the Texas Pacific Railroad. This is a move in the right direction. While Tom Scott is striving to get the endorsement of the United States Government to his expensive scheme of a trans-continental road, the Southern Pacific Railroad directors come to the Pacific with a proposition to build the road merely for the land subsidy. Scott's scheme would involve the people in an expenditure of several hundred millions while the proposition of the Southern Pacific Railroad does not involve the outlay of a single cent. In Southern California we desire all the railroads we can get, but we have a common interest with the whole people in preventing an endorsement of a pet scheme of Tom Scott's by which, perhaps, hundreds of millions may be extracted from the public treasury. By a recent decision of the United States Supreme Court the entire responsibility for the credit already loaned to Pacific Railroads has been thrown on the Government and it is the duty of Congress to calmly consider before throwing an additional burden on the people. No one questions the capacity of the present Pacific Railroad to do the business of the country and the manner of conducting the affairs of the road is with in the control of Congress. No one doubts Mr. Scott's ability as a railroad manager and yet Congress will not be justified by the people in an unusual expenditure of the people's millions. No doubt a very strong effort will be made in the Democratic House of Representatives for an endorsement of Tom Scott's scheme, but we hope the question will be calmly considered. The nation is suffering from high taxes, the result of Republican misrule; an absolute necessity for the road does not exist, and if built it should be done for the land subsidy alone. The Democratic party, being in a majority in the lower house at Washington, will be watched closely by the nation, and on their wisdom the success of the party in 1876 depends. Any reckless use of power, any foolish expenditure of the people's money, any addition to taxes, will result in disaster to the Democracy and to Friedlander, Thos. Brown and John Witherspoon the city creditors.

Charles G. Root and Robt. Schaeft, charged with thirty-two burglaries in the Western Addition, were in the Police Court yesterday afternoon and waived examination. Upon each of fourteen of the charges they were held in the sum of \$1,000, and on the other eighteen charges \$3,000 each, making a total bill for each of the prisoners of \$68,000. It is hardly likely that they can get bail.

Bruce Creighton and Speed Murphy, two of the numerous гареты operating of late, have been arrested, the first of the gang so far captured.

Brigadier General James Coey, recently promoted Major General, has taken his farewell of the 28th Brigade, in a brief general order expressing his admiration of its discipline, and commanding his successor, Brigadier McComb.

The first results of the reincorporation of the Bank of California appears to-day in the shape of a ten dollar assessment on each share, payable before January 10th. The assessment is on the bank stock and not on the syndicate as heretofore erroneous reported.

The Consolidated Virginia declared a dividend of ten dollars per share, to-day, payable on the 11th.

The Globe Mining Company levied an assessment to-day of fifty cents, delinquent January 7th.

The schooner Mita was wrecked yesterday at Rogue River. No lives lost.

The young man Harrington now under arrest for attempt to murder made very determined efforts to inveigle Michael Rees into his meshes. After dispatching the letter soliciting the loan of \$12,000, he called upon Mr. Rees with a carriage, representing himself to be the son of the writer of the letter, desiring an interview with him, and asking for a loan of money and unavailingly pressed upon the former to accompany him to see his father.

Regarding the dismissal of chief Justice Dunne of Arizona and the appointment of a successor, it is understood that a man named Anderson has been proposed by the Nevada Senators and French of Sacramento is named by Senator Sargent. A change will take place as soon as the Senate convenes.

Barrett and Faulkner, disturbers of performances at the California Theatre were found guilty by jury last evening and this morning were sentenced to forty dollars fine.

The new Trustees of Woodville, Minn., are J. W. Pearson and Alexander Baird. L. McL. Baldwin has been appointed Superintendent.

[SPECIAL TO THE HERALD.]

PACIFIC COAST.

SACRAMENTO, Dec. 4th.—The buzzing by candidates was continued this morning at the Golden Eagle, the Democratic headquarters.

Lieutenant Governor Johnson with his family came up last night, and Governor Irwin is expected to-day.

There is nothing new in reference to the Speakership of the Assembly, or the Presidency pro tem of the Senate.

I am informed that Wilcox, of Mariposa, is still in the field for the Speakership, and that he will take that position or nothing. By the withdrawal of Wilcox from the candidacy for the Speakership the field will be more

clear for Murphy, of Del Norte, for the Speakership pro tem. The fight is very lively for the position of Sergeant at Arms for the Assembly. The general aspect of affairs is, however, tame compared with the Saturday before, when the question of the U. S. Senatorship caused some lively canvassing.

Another injunction was served this morning upon the members of the State Board of Education on the change of books question. This is issued from the Court of Judge Reardon at Placer, in the Fourteenth Judicial Court, and is returnable on the 22d inst. The State Board of Education met again at 1 o'clock to-day, pursuant to adjournment, to consider the question of acting under notice for change of school books. All the members were present except Lynch, of Alameda, Judge Catlin, and Judge Winsor of San Francisco, were present as legal advisers to the Board, and Creed Haymond on behalf of the parties issuing the injunction.

CHURCH CHIMES.

Mr. E. J. Baldwin goes to the Cienega ranch to-day to inspect his half interest in the 4,000 acres comprising that tract.

Mendel Meyer won a silver watch last evening in Meyer's saloon, corner of Los Angeles and Commercial. His lucky throw was 42.

The Benjamin combination had a fair audience at Leek's hall last night, and they gave a creditable minstrel performance.

The present public school term will close on the 17th with a public oral examination in all the classes, and an evening entertainment at Turn Verein Hall.

The man who stole a gold watch and chain on Sanchez street was committed yesterday by Judge Gray, in default of \$250 bonds, to await the action of the Grand Jury.

The stage from Los Angeles was robbed last evening near Caliente, making the second robbery within the week. Wells, Fargo & Co.'s treasure chest was carried by the road agents.

We had a call late last evening from Mrs. Hargate in regard to a pleasant we published on her divorce suit.

The editor was not at home when she dropped in which caused him extreme regret, as he is a great admirer of lively, vivacious ladies, and their calls at the sanctum are like angels' visits.

Dr. Aborn leaves to-day for Santa Barbara after a very successful stay in our midst. Scores of our invalids have been benefited by his skill and hundreds have had their maladies alleviated. He will no doubt do well in Santa Barbara and San Luis Obispo, and from there he goes to San Francisco. Next year Dr. Aborn will go to Philadelphia where he will create a sensation.

A "gallus" young gentleman of renown in Los Angeles borrowed a horse and buggy a few nights since of a well known doctor to take his delinea out riding. The night happened to be dark, and the road and whisky crooked, so that the "gallus" chap collided with a post that chance to lie in the way and worked the complete ruin of his borrowed vehicle. The remains of the wreck were found the next morning and properly cared for.

Over 125 patients were treated at the County Hospital last month. Of this number only two died; one who expired in fifteen minutes after he was brought in and another who was far gone in consumption when treatment commenced. This showing clearly speaks well for the medical skill and care of Dr. Brooke, the County Physician. A mead of praise should also be extended to Dr. McKeever who seconds Dr. Brooke's efforts in the onerous task imposed upon him.

At the County examination there were nineteen applicants and thirteen passed successfully. The following were the fortunate applicants:

Anne S. John, J. P. McNamee, Samuel N. Withrow, John M. Dunsmoor, Lizzie M. Leffler, Nancy C. Anderson, Helen E. Holland, Floyd E. Tombs, John W. Meyers, Mary J. Peabody, Lizzie Burkle, Mary J. Hutchinson and Edith Smith. Six of these teachers are recommended for State certificates.

The Golden Menagerie will be located at Washington Gardens to-day. The bill which they present in addition to the regular Sunday performance at the Gardens will be sure to attract a large crowd. Monsieur Drayton, the Lion King, will enter the lion's den at 3 and 8 o'clock p. m.

In addition to this wonderful feat, Mr. Geo. Davis, the gymnast, Sir. G. Alcock, champion rope dancer, Master Aleco, the clown wonder, Millie Carnegie, and Signor Felix will all take part in supplying the day's amusement. Those who seek recreation should not fail to visit Washington Gardens to-day.

Mark Twain's New Book.

We have been favored with a glimpse of "Mark Twain's Sketches—New and Old" and believe it will have a larger sale than any of his former productions.

It is printed on the finest paper, embellished with spirited cuts, and contains the cream of his writings.

The American public will never tire reading the sketches of Mark Twain, who has kept the continent in a roar for ten years. This new work is peculiarly adapted to those who love humor, being composed of those sketches which have uniformly had the endorsement of the American public, and the artist seems to have caught the inspiration of the author and given illustrations of the most telling sketches just at the time when the reader is most likely to be interested.

About three o'clock this morning Mr. Talbot, who sleeps in Mathew's mill, got up and started, as he thought toward the door, but took the opposite direction and fell down the opening to the bottom of the mill, receiving severe internal injury and dislocating several ribs. He was not discovered till this morning, when Dr. Dickey was called to attend the unfortunate man, but has no hopes of his recovery.

The storm has been very severe in the mountains West of Colusa. The river at that point is an inch above high water mark, and is running through the break at Ball's slough, below Princeton, at Hagersfield, above Colusa, and on both sides of the river below Colusa, but doing no serious damage to the levees or other property.

At Washington Gardens to-day a splendid bill is to be presented to the patrons of that popular resort. The Golden Menagerie and the famous acrobatic troupe will be part of the great attractions.

Some of the Baptists of this city propose making an effort to secure the services of Rev. T. W. Green, late of Ft. Scott, Kansas. He is an able preacher and would undoubtedly be a drawing card to the Baptists here.

Rev. W. H. Hill preaches in the Episcopal church morning and evening. Holy communion after morning service. Subject of evening lecture: "How to bring up baptized children."

On Thursday, while Mr. Girard was passing near the Pima Reservation in Arizona, with his large herd of sheep, some Indians came out and demanded five sheep as toll for his sheep passing along the road. Mr. Girard refused, when the Indians stamped the entire drove of 5,000, killing about twenty.

They then came up and offered to get them together for five sheep, which under the circumstances he was obliged to agree to.

The Oregon built ship Western Shore arrived at Astoria on the 1st inst., three days and three hours from San Francisco.

The steamer Ajax was at Astoria yesterday morning and the Orphamme came by the north channel.

The weather is severe and the bar is very rough.

Col. Sanford and Prof. Thomas Archer of England have been appointed Executive Commissioners to the Philadelphia Centennial exhibition, Hon. Staniford having resigned.

The harbor of Pictou, Nova Scotia, is frozen over so that men are crossing on foot. The Valletta arrived yesterday and came to the public wharf through a channel kept open for her.

The Albert from Georgetown could not get to the wharf. The passengers landed on ice.
